# INTRODUCTION

SNP Engineering Work is one of the companies in the field of Fabrication industries, founded in 2006 to meet the global requirements for steel products.

Since 2006, Snp Engineering Works has proved itself as a reliable partner for the establishment of industrial activities Ever since, our main strategy has and will continue to meet our mission, vision and global demand as well especially that of heavy industrial projects. Our focus remains to furnish specialized support to heavy process plants with extensive steel fabrication capacity of over (600 MT annually), through its factory facilities (135036 Sq.ft) with workforce of (45+ people) based operations across India.

SNP Engineering Works is one of the Manufacturing and supply of Fabrication Components industries. Snp Engineering Works offers one of the most comprehensive product portfolios from steel fabrication and related products. Snp Engineering Works offers Structural Fabrication, Heavy Erection, Pipe Line Works ,Tank Works, PEB (Pre Engineered Building) and Roofing Works, Mechanical Maintenance and all Kinds of Steel Fabrication.

## OUR VISION

To be one of the top leading companies Worldwide in steel fabrication industry with top end quality.

## OUR MISSION

To reach the customers satisfaction, by providing the best services quality on time with competitive prices.

## OUR VALUES

# CORE VALUES

***Straight-talking*** : We encourage open debate where the best ideas win.

***Customer centric***: We put our customers at the center of our focus and Initiatives with the objective of providing them with unmatched levels of services and products.

***Teamwork***: We actively share information and ideas, enthusiastically work to make those around us better.

***Diversity and respect***: The diversity of our workforce is an asset and we treat everyone with **Dignity and Empowerment**: We empower people to make decisions with a bias for action.

***Employees as core assets***: We believe that our employees are our most valuable resource, and do whatever it takes for their continuous training, development and motivation.

***Meritocracy***: The rewards and career advancements of our people are based on performance and capabilities, not on their waste (influence).

## OUR LEADER & STAFF

### I AM VERY PLEASED TO WELCOME YOU TO SNP ENGINEERING WORKS

Ever since was snp engineering works in 2006 it has been providing steel fabrication services. It is never changed its basic business of providing our customers with the products they need, regardless of the many economic fluctuations and social changes we have faced over the years.

To meet the diversifying needs of our customers, we have transformed our business to include more advanced products and have continued to grow. That range of products and services such as structural fabrication, heavy erection, pipe line works, tank works, PEB (pre engineered building) and roofing works, mechanical maintenance and all kinds of steel fabrication. In addition of, steel structure fabrication and other various products by assisting our customers in machining and fabrication all parts they require The most important of all, however, is 'Good people' to work and 'Good company' to make 'Good Product' Thanks for choosing snp engineering works, and we would really appreciate your continuous care and attention
