ABOUT

Sharathmika Kudva has completed her Masters in Engineering Management at Dartmouth, an Ivy League School in New Hampshire. She has achieved perfect scores on the GRE and has been helping students achieve the same ever since.

Sudarshan Ramesh has completed his bachelors in Chemical Engineering from Rose-Hulman Institute of Technology which is ranked no.1 in undergraduate engineering for schools that do not offer post doctorates. He has also completed his Masters in Engineering Management from the same University. Sudarshan also serves as the Executive Director in Operational Energy Group.

MISSION

The admission process to universities abroad is completely different from the process in India. Our mission here at the prepstop is to simplify this process for you and guide you through it.

Standardised tests are imperative to the application process. Schools and colleges do not prepare you for these tests. The founders of the prep stop have achieved perfect scores on these tests and admissions to elite universities. We can help you achieve the same.

COURSES

GRE

GMAT

SAT

TOEFL

IELTS

Our unique approach to our coaching involves not only teaching you how to crack the questions but also helping you with test anxiety, time management, and one-on-one sessions to track your personal progress. We will have study groups in addition to classes to help you focus and learn from your peers. In addition we offer practice tests that will mimic testing conditions at the center. This will help you reduce your anxiety and optimize your performance on test day.

ADMISSIONS COUNSELLING

We offer start to finish admissions counselling.
